To the schools of our nation is delegated the most important task of the nation, training the citizens of tomorrow. In the youth of the schools of today lie the hopes for a peaceful world of tomorrow. When the future becomes the present, the youth of America must be prepared to shoulder great responsibilities.

In the library of Lew Wallace, the students are afforded an opportunity for cultural improvement, an appreciation of the highest ideals of man. In the study hall and in classrooms they profit by the experience and knowledge of past centuries. In addition to the more formal work of the classroom, Lew Wallace provides an opportunity for students wishing a more or less specialized training with a broad cultural background. We may see future office workers, engineers, and scientists at work in our school. In the vocational shops, the latest machines are available for the aspiring tradesman.

As a whole, the educational system of Lew Wallace is designed, not necessarily to make scholars of its students, but to give each one an adequate preparation for his future, whether he intends furthering his education or not. In this way, Lew Wallace is truly "a school of democracy in preparation for peace".

*work upon which our democracy depends*

*We prepare for leisure vital*

*to our democracy*

In a country where right makes might and this might is used to benefit mankind, not to wield the bloody sword of militarism, the importance of "a school of democracy in preparation for peace" cannot be over-rated. Day after day education is molding millions of America's young citizens into manhood and preparing them for the years of hardship and problems which lie ahead.

Somewhere within every true disciple of democracy lies the hope that some day nations will live happily together and be friends; that every man will strive to promote peace and good will among his fellowmen; that visions of world domination will no longer arouse the world into such a state of turmoil as now exists. What better breeding grounds than the American schools could such ideals find?

Morale is an important factor in meeting a crisis and recreation is an important factor in creating morale. The maintenance of morale is exemplified by these pictures of our students at play. The gay Mardi Gras with its king and queen, the artist with his easel and brushes, the *Philosopher* staff "spreading the news", the dancers at the G. A. A. "Hit Parade", the constantly changing bulletin board, and the faithful patrol boys regulating our traffic are representative of the activities which keep our morale high.

*Our teachers are alert to the problems*

# FACULTY

## *of democracy in a changing world*

"World Events of the Week" is a familiar phrase here at school. The discussion of vital world affairs is encouraged not only in the social studies, English, and auditorium departments where one might expect it, but also to a great extent in the mathematics classes and in the shops.

Our teachers help us analyze a world at war, so that we may be better fitted to live in a world at peace.

VERNA M. HOKE  
*Principal*

# OUR PRINCIPAL

At a time when unrest and anxiety over the world-wide turmoil tend to disrupt somewhat the efficient continuance of our education, we may all be thankful and appreciative of the guidance of Miss Hoke. Each new problem as it arises finds its solution in her inexhaustible energy and inspiring intelligence. Never have we heard her say "No", to a problem which merited consideration for the benefit of us students.

With the realization that the acquiring and beneficial application of a thorough education will do more than anything else to settle the problems which today try the very souls of mankind, Miss Hoke has willingly taken up the gigantic task of adapting our education to meet the crises which inevitably lie ahead. Infinite details of air-raid drills, universal mental tension which ultimately results in confusion, and many more problems have been added to her already overburdened administration. Each day as we view the results of her arduous effort we find more and more astonishing her seemingly unlimited capacity for service to Lew Wallace.

Our principal's activities are not confined entirely to the administration of school affairs. We may often find her enthusiastically supporting our teams in athletic events or admiringly listening to our musical organizations in concert. Few people are more appreciative of the outstanding achievements of our school than Miss Hoke.

Hers is indeed a worth-while task well done; the task of directing "A school of democracy in preparation for peace."

## FLOYD G. ASHER

Unusually sound judgment combined with an uncanny perception of human psychology qualify Mr. Asher for the solving of the numerous intricate problems which he encounters day after day. Untiring effort plus an exacting thoroughness characterize his work.

An ever increasing shortage of supplies, student disciplinary problems, and property management are only a few of the varied problems with which he must cope daily. In addition, he is now faced with the unnecessary abandonment of school life for a much more exciting military life by some boys who feel that they may best serve their country in its armed forces.

Mr. Asher has a doctrine for human relationships which might well be applied to the world today. It goes something like this: "For longer life and increased happiness, always try to smile and be happy."

Seated: Mr. Burress, Mr. Doyne, Mrs. Dorman.*

## BOARD OF SCHOOL TRUSTEES

Although few students realize it, the Board of School Trustees is one of the most active organizations in our school city. It is the duty of the School Board to take care of all of the schools' financial matters. Often working far into the night, the School Board has the task of apportioning funds allotted to the schools to their right purposes.

As one might imagine, the volume of business handled by the school board is tremendous. At any meeting it would not be unusual to witness transactions involving thousands of dollars, while on the other hand, one might just as easily see the board authorize the purchase of a few mop handles for a few cents apiece. Aside from purely financial matters, the board takes care of numerous items such as safety and health problems concerning students. These problems, as well as financial ones, receive much attention from the board.

The School Board is made up of citizens interested in school affairs who work with Charles D. Lutz, Superintendent of Schools. Those on the board include Edward T. Doyne, president; Lloyd F. Burress, vice-president; Glenn O. Rearick, secretary; Maynard E. Suley, treasurer; and Edith E. Dorman, assistant secretary.

# THE ADVISORY COUNCIL

The Lew Wallace Advisory Council is one of the most beneficial groups in helping to solve various school problems.

One of the chief virtues of the group is that it brings together parents, alumni, and school officials all of whom are interested in the problems of the school. Thus, vital questions may be discussed from the viewpoint of the school as well as that of the community.

The Council holds monthly luncheon meetings in the school cafeteria throughout the school year.

There are twenty-one sincerely interested members who serve one year each, and are chosen annually by the school administrators. The entire Lew Wallace community is divided into several districts and at least one member is chosen from each district so that the membership will be equally distributed. One half of the members complete their term in February and are replaced by new members, and the other half is replaced in June.

The Council is now completing a dozen years of successful operation, which speaks very well for it. During this time many fine things have been accomplished and they have definitely lived up to their aim of promoting better understanding and cooperation between students, their parents, their instructors, and all other members of the community in general.

Since this organization plays such an active role in all school problems and activities, we all, students, teachers, and patrons alike, should do everything possible to aid them in their never-ceasing endeavors.

## MR. ADAMS

Russell Adams, our only tin shop teacher, has taught here for a number of years. He was graduated from Indiana State Teachers' College where he received his B.S. degree. In addition to his teaching he has organized and still sponsors The Future Craftsmen of America.

## MRS. BOOSE

Doris Boose taught at Lew Wallace in 1934. Last fall she returned and now teaches mathematics. She is a graduate of Indiana and Harvard Universities. She has A.B. and Ed.M. degrees. She is sponsor of the Courtesy and Character Committee of the B. C. O.

## MRS. CLEMENS

Martha Clemens' two major extra-curricular activities are sponsoring our school paper, the *Philosopher*, and assisting in the publication of the *Quill and Blade*. She graduated from Butler University with a Bachelor of Arts degree and has been teaching English at Lew Wallace for 12 years.

## MISS BAILEY

Ruth Bailey, our school nurse, also supervises the home nursing course. She attended Olney Sanitarium Training School for Nurses. Indiana, Illinois, and Florida claim her as a registered nurse. Before a season's athletic team is organized, she must place her "O. K." on each participant.

## MR. CARMONY

Edwin Carmony is one of our freshman and sophomore math teachers. He not only sponsors the Booster Club, but also the cheerleaders. He was graduated from Ball State Teachers' College where he received his B.S. degree, and Indiana University where he received his M.S. degree.

## MRS. COONS

Margaret Neeld Coons received her Bachelor of Science and Bachelor of Library degrees from the University of Illinois. As our high school librarian, she inspires our interest in books through the Ptinidae Book Club, the clever book displays in the library, and lists of interesting books.

## MR. BOBELE

Sam Bobele ably assists sponsoring the band. After graduation from Emerson, he attended Indiana University from which he was graduated with a Bachelor of Public School Music degree. You who are not band members are best able to acquaint yourselves with his work at the concerts.

## MISS CHEEVER

Mary Cheever, our French and Spanish teacher, graduated from Indiana University with an A.B. degree. She also has an M.A. degree from Columbia and a Diplome from the Sorbonne in France. She sponsors the French and Spanish Clubs and is co-sponsor of the Girls' Club.

## MRS. CRAWFORD

Hazel Crawford is a graduate of Gregg Normal School of Chicago, and Central Business College of Indianapolis. She has also a B.S. degree from Indiana State Teachers' College. At present she is teaching bookkeeping, typing, commercial arithmetic, commercial law, and the use of office machines.

## MISS EGGER

Helen Egger trains and directs the A Cappella Choir and the Girls' Glee Club, which are quite active in school and city functions. She also instructs grade and high school music classes. She is a graduate of the Bush Conservatory and holds a B.M. degree.

## MR. COONS

Lamon Kendle Coons, teacher of physics, senior science, and aeronautics, was graduated from the University of Illinois and has to his credit B.S. and M.S. degrees. Because of their mutual interest in photography, he and a group of students organized the Camera Club last year.

## MRS. ELKINTON

Jennie Elkinton, home economics teacher for high school girls, graduated from the University of Wisconsin with a B.S. degree. She is the instructor for the new course that started last semester which deals with home nursing. She also teaches sewing to grade and high school girls.

## MR. DREVEN

J. J. Dreven, print shop teacher, has attended Indiana, Purdue, and Colorado State Universities. In addition to printing tickets, programs, and announcements, this year he is sponsoring the group of boys who show motion pictures as part of the school's audio-visual education program.

## MISS ELSTER

Dorothy J. Elster, physical education teacher for high school girls, graduated from the University of Indiana with a B.S. degree. She sponsors the Girls' Athletic Association and the Social Committee. She is also the instructor for the high school girls' swimming and health classes.

## MR. HARTSOUGH

E. G. Hartsough, safety and health teacher for high school students, is a graduate of Manchester College. He graduated with an A.B. degree. He also teaches first-aid, and shows a decided interest in basketball and other school activities. He is the sponsor of the Safety Court.

## MRS. GREVE

Florence Roehm Greve, a graduate of the University of Wisconsin, received the degrees of Bachelor of Arts and Master of Arts. She is chairman of the Freshman Class sponsors and teaches Freshman English. The hobby in which she is most interested is traveling.

## MRS. HANNSZ

Mattie Hannsz, head of the Auditorium Department, graduated from Northwestern University with a Bachelor of Science degree in speech. She sponsors the Auditorium Council, directs the dramatic part of the annual Christmas Pageant, and helps the seniors plan their class day activities.

## MRS. HARDING

Georgia Harding, high school home economics teacher, received her A.B. degree from Indiana University. She also teaches cooking to some of the grade school classes.

She is especially interested in the fancy decorations of cakes, candies, and sugars at which she is quite adept.

## MR. HAYES

Besides teaching drafting, John L. Hayes also has charge of the outside patrol. He attended Indiana State Teachers' College and Indiana University. He holds a Bachelor of Science degree and a Master of Science in Education.

He has a very unique hobby, "the philosophy of human conduct."

## MRS. KELLY

Mildred Kelly, has attended La Crosse State Normal, Purdue, American College of Physical Education, and the University of Wisconsin. She not only teaches regular gym classes but is an expert swimming instructor. One of the activities the girls in her classes enjoy most is folk dancing.

## MR. HENDRICKSON

Clarence V. Hendrickson, director of the band and orchestra, graduated from Northwestern University with a Bachelor of Music degree. He directs the annual spring band and orchestra concert. In his spare time he gives clarinet lessons and works on his stamp collection.

## MRS. KRUEGER

Many of our fine student seamstresses have been taught by Pearl Krueger, who also practices what she teaches. She has made many costumes for the Auditorium Department and the cheerleader blouses. She received her Bachelor of Science degree from Oxford University, Oxford, Ohio.

## MR. McBRIDE

Waldon McBride is a graduate of Indiana State Teachers' College from which he received Bachelor of Science and Master of Science degrees. He is the chairman of the senior sponsors and member of the Social Committee which is in charge of all school social affairs.

## MISS LEMON

Lola Lemon, biology instructress, remained loyal to her state and received her A.B. and M.A. degrees at Indiana University. She sponsors Biology Club and is head of the Health and Hygiene Committee of the B. C. O., and the Professional Relations Committee.

## MISS McLEAN

Besides teaching Latin, Agnes McLean sponsors the Senior Honor Society and the Olympian Society which is the Latin club. She has an A.B. from Northwestern University and an M.A. from the University of Colorado. She has traveled extensively in the United States and abroad.

## MRS. MINER

Clarissa Miner teaches the Freshman and Sophomore English. She is a graduate of Northwestern University and holds a B.A. degree. She is now one of the Sophomore sponsors and secretary of the English Department besides being the representative for Mr. Anderson's group meetings.

## MISS NESBIT

As chairman of the sponsors of the extra-curricular activities, guidance counselor, and history teacher, Allegra Nesbit helps students to solve many problems. At the University of Chicago she specialized in vocational guidance and received degrees of Master of Arts and Bachelor of Philosophy.

## MISS PARNELL

Evelyn Parnell was graduated from De Pauw University and the University of Colorado where she received her Bachelor of Arts and Master of Arts degrees. The Salmagundians, organized and sponsored by Miss Parnell, share with one another enjoyment of books, music, the radio, and the movies.

## MR. POLK

Coach Richard F. Polk received his Bachelor of Science and Master of Science degrees from the University of Indiana. Coach sponsors our basketball team and assists with the football activities. He has served as basketball coach at Lew Wallace since 1931.

## MISS SCHEDELL

Elizabeth Scheddell, who is assistant director of the orchestra, has helped direct our concerts and done an excellent piece of work. She received her Bachelor of Music, and Bachelor of Science degrees from the University of Illinois and the Cosmopolitan School of Music.

## MR. OURSLER

After teaching at Veedersburg, Indiana, one of our newest teachers, C. C. Oursler, came here to teach mathematics.

At Indiana University and the University of Chicago he earned a Bachelor of Arts degree in English and a Master of Science degree in mathematics.

## MRS. ROESINGER

Iris Roesinger was graduated from Indiana State Teachers' College with a Bachelor of Science degree. Mrs. Roesinger supervises the cafeteria and sees to it that every day there is a balanced and varied menu prepared for the students who buy their lunches at school.

## MISS SHELLEY

Glenn Shelley, who teaches junior and senior English, was graduated from the University of Chicago with a Bachelor of Philosophy degree in Education. She has sponsored the *Quill and Blade* since it was first published in 1932. Her chief interest in addition to Lew Wallace School is Ann.

## MISS RICHARDSON

Besides being one of the sponsors of the Lew Wallace Aides, Rose Richardson is the organizer and the sponsor of the Cifr Club. She graduated from the University of Chicago, where she majored in math, with a Bachelor of Philosophy degree. She now teaches geometry, trigonometry, and advanced algebra.

## MR. POLIZOTTO

Coach Don Polizotto, a former student of the Gary schools, received a B.S. degree from Kansas State Teachers' College. He trains the cross-country team and the track team and teaches senior life-saving.

During the summer he is the head of the Gary Municipal Beach life guards.

## MISS SIMPSON

Edna Simpson, one of our newest teachers, instructs students in shorthand, typing, and secretarial principles. She received her Bachelor of Science and Master of Science degrees from Indiana State Teachers' College. The Commercial Club has completed a very successful year under her guidance.

Our chemistry teacher, Robert Shelley, besides his usual work, has taken the job of sponsoring "Klub Kem" and the "Boys' Club". Having graduated from Indiana University with degrees of A.B., M.A., and Ph.D., he has the highest degrees of any of the members of our faculty.

## MR. TORMOHLN

Willard Tormohlen has been with us for 10 years as a teacher of history and this year, as one of the sponsors of the Aides. He graduated from the Indiana State Teachers' College and South Dakota University, holding B.A. and M.A. degrees.

## MISS VOLZ

Marie Volz, one of our music directors, graduated from Milwaukee State Teachers' College and received a Bachelor of Education degree. She sponsors the Boys' Chorus, the vocal music in the Christmas Pageant which is seen by hundreds every Christmas season, and the annual solo contest.

## MISS SNOWDEN

Gail Snowden, social science teacher, spends her leisure time taking care of her old-fashioned roses, dusting her collection of English tea cups, and traveling.

She received a B.A. degree from Ball State Teachers' College and is doing post graduate work at Indiana University.

## MISS STREET

Violet Street, social studies teacher, received her B.S. degree in Education at Kirksville State Teachers' College. During summer vacations she is doing post graduate work at Missouri University.

She sponsors the Building and Grounds Committee of the B. C. O. and is chairman of the Junior sponsors.

# Office Clerks

Jean Gregg was a graduate from Lew Wallace in 1937 and began work in the office as the register clerk for seniors. She did all the filing for Miss Hoke and acted as the reception clerk in the office answering all the telephone calls. You will remember, Seniors, that she checked your credits at the beginning of this year, but she is now checking records at the Gary State Bank.

Mary King was the bookkeeper. Mary was the "answer woman" for every question of either student or teacher. She is now working for the Board of Education under Mr. Bell, Auditor.

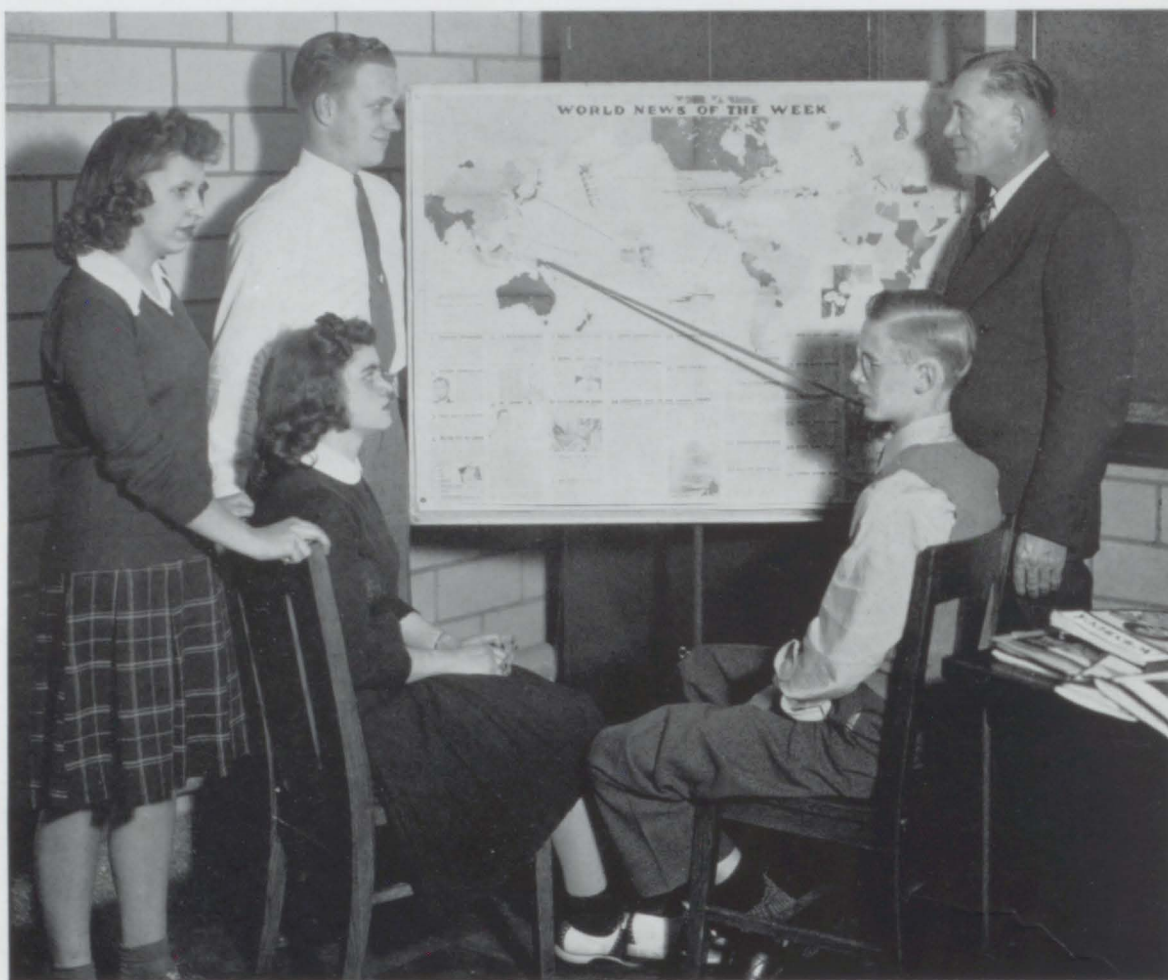

Ruth Kunze was graduated in 1933 and began work in Mr. Asher's office in September, 1935. She is the register clerk for seventh and eighth grades and receptionist for Mr. Asher's office.

Mary Vrska was graduated in 1934 and began work in March, 1934, in the West Building Office. From there she went from office to office until Jean Gregg left when she took over Jean's duties.

Helen Margaret Watson was graduated from Lew Wallace in 1941 and began work in the office before her commencement. She was the one who typed all the numerous announcements we hear. She also has gone to work for the Gary State Bank.

To all of these we students owe a vote of thanks.

*Together we study the past and present*

# STUDENTS

*to preserve the future of our democracy*

"World Events of the Week" are an integral part of every high school student's life. In social studies classes especially, the issues of the moment are discussed and debated, and routine class work is enlivened by the combination of past events with present day problems.

We are students of the past, for we are citizens of the future.

# SENIORS

In the fall of 1938, the class of '42, under the direction of Mrs. Saks, elected the following class officers: Don Cunningham, president; Barbara Marston, vice-president; and Louise Castelich, secretary-treasurer. Many of the freshmen girls lost some of their gaucherie at the Vivi-Darian tea where they became acquainted with upper classmen. The first social event of the class was the Freshman Frolic. An added attraction was the entertainment provided by several of the talented freshmen. In their first class play, *Robin Hood*, Simeon Garriott drew many laughs by his portrayal of the comic Friar Tuck.

In 1939 the class took on polished airs and were on their way up the ladder. John Vale, Josephine Hart, Richard Hills, and June Hansen were elected president, vice-president, secretary, and treasurer respectively. A few months after this election, came the Sophomore Hop, their first night dance. The Christmas spirit was dominant and one end of the gym was decorated with the figure of Santa coming down the chimney. The freshmen and sophomores combined their talents to produce *The Land of Oz*, directed by Mr. Kessler. The originality of the costumes, characterizations, and stage settings will long be remembered. In addition to these activities, the sophomores promoted the rose sale. The best salesmen, Don Brimhall and Antonia Gimenez, were crowned king and queen.

Their junior year found most of them selling oranges to increase their class fund. Mr. Hayes' class of boys took top honors in this sale. In April, Miss Sandles sponsored their production of the *Seven Sisters*. Stanley Smith and Evelyn Respecke shared the leads in this comedy about peasant life in Hungary. The long anticipated Junior-Senior Prom finally arrived with more than 122 couples dancing to the strains of Ken Nowlan and his Club Lincolnshire Orchestra. The following Junior Class officers shared in leading the grand march: Richard Hills, president; Wanda Grzanka, vice-president; Jean Garrioch, secretary; and Charles Elisha, treasurer.

No small amount of credit should be given to this year's class officers. Charles Kardos, Barbara Marston, Louise Castelich, and Charles Elisha. As their last big social event they planned the Junior-Senior Prom that was held May 23. All too soon they were ordering their announcements and calling cards, making preparations for Class Day, and purchasing the class gift. As a climax to their four years of high school came the solemn baccalaureate and commencement services.

# JUNIORS

For three years the class of 1943 has found Lew Wallace School a place of educational adventure, a citadel of good citizenship, and an inspiration for purposeful living. The 220 members have reached their junior year with many memories of happy days, congenial friends, and helpful teachers.

One recalls the freshman frolic and the Sophomore Hop. There was the nut sale setting a tradition, and the orange sale, setting a record for junior class ventures, which enhanced the class fund that now has a balance of approximately \$300.

Class members were in the *Land of Oz* cast in their freshman year and last year presented *Wappin Warf*. The class is proud that juniors were conspicuous in the line-up of the Lew Wallace 1941 state championship football team.

Class meetings have been a center of activity where the class gift, the class sales, dues, class rings, and all other class activities have been considered. Special speakers have addressed the class in their meetings at different times. Class members are serving as officers in many school organizations. The scholarship of the class is high.

The war has been a challenge to the class and school. Consideration has been given to a proposal to invest class funds in defense bonds. Air raid drills have been held. Limitations have been placed on paper and other school supplies. Affairs of the class were directed by Paul Schleicker in the freshman year; William Vorwald was the pilot during the sophomore period and George Todd has been class president this year. Other officers this year include: Mary McGlenn, vice-president, Geraldine Sullens, secretary-treasurer.

The sponsor of the class of 1943 has been Miss Street who has been a conscientious advisor always helpful in every class undertaking.

We predict that Lew Wallace school always will be proud of its war-time class graduating in 1943. If they are true to their teaching, they will become citizens of a democratic nation in a world of peace.

Upon entering high school, the Class of '44 was conducted on a tour of the school by the Aides as part of Freshman Week. However, it was not long before the class had adapted itself to the high school and began contributing to its activities and upholding its traditions.

The Hallowe'en party, at the beginning of the first year, helped promote a feeling of fellowship and unity in the class. A signal achievement was the dramatic presentation of the class, consisting of three colorful one act plays. *Pink and Patches* was a tale of the Kentucky mountains; *Still Alarm*, a farce about a hotel fire; *All in a Summer's Day*, a story of "three silly spinsters". On Activity Day the freshman president, Bob Hoeffle, conferred scholastic awards on those students who had shown unusual ability in their class work. The class was proud to have one of its members, Harrison Mellman, chosen as the "Quiz Kid" of Gary.

Keeping in mind the always important class treasury, the selling of 1500 pounds of nuts marked an important incident in a successful sophomore year. *The Prince and the Pauper*, a play of sixteenth century England, again proved the dramatic ability of the class. The Sophomore Hop was a gay event held in the midst of a trouble-laden world.

The sophomores go on to the future proud of their unselfish service to the school and ever mindful of the precarious and trying times ahead.

# FRESHMEN

Our Freshmen this year have been quite active in many fields. Henry Hales was elected president of the class. His classmates have appreciated his leadership and friendliness.

Henry delegated much of his responsibility as president to the other offices as a good executive should. Arleen McFann, the secretary, took careful note of the proceedings of the meetings. As treasurer, Gene Mathews kept a general report on the class's financial standing. Two vice-presidents held office because of a tie vote. Shirley Biggs, the first vice-president, helped Henry with his duties as president; Zonabelle Kingery, the second vice-president, planned the programs for the class meetings.

The teacher sponsors were Miss Snowden, Mrs. Crawford, Mrs. Clemens, Mrs. Ensweiler, Mr. Coons, Mr. Reed, Miss Cheever, Miss Lemon, Mrs. Hannsz, and Mrs. Greve, who was their chairman. Mrs. Walter, Miss McLean, and Mr. Oursler were sponsors of the mid-year freshmen. The Freshman Class consisted of 322 members and 110 mid-year Freshmen.

The year's program included a Hallowe'en party and two general meetings. The first meeting was given to a discussion of various things freshmen need to know about the school. Mr. Russell G. Anderson, supervisor of high schools, gave an interesting talk at their second meeting.

When it came to athletics, they were outstanding. The girls' soccer and basketball teams provided keen and sometimes unbeatable competition for even the upper-class teams. The boys' freshman football squad made a very excellent record, suffering only one defeat.

They have been loyal supporters of all school activities.

## AIDES

The Aides were organized in the fall of 1940 on a special invitation from Miss Hoke. It is open to junior and senior boys and girls with high scholastic averages and above average participation in extra-curricular activities. Its purpose as quoted from a letter issued upon entrance into the group is "to lend material assistance to the school along certain social service lines."

The group is led by co-officers, one boy and one girl for each of the following positions: Chairman, assistant chairman, and secretary. Meetings are held on alternate Thursday evenings at school.

The most important of its many activities are illustrated in these pictures. The Aides sponsored a citizenship drive in which they stressed the important qualities of a good citizen. During Freshman Week they served as guides showing the freshmen the interesting and important points of the school and they gave a tea for the freshman girls. They substituted for teachers during their absence, ushered at school activities such as the Baccalaureate and Commencement, and did clerical work such as ranking the high school classes and making the school calendar.

This group, together with its sponsors, Miss Richardson and Mr. Tormohlen, have done much for the school through its activities.

# BETTER CITIZENSHIP ORGANIZATION

Serving as a clearing-house for all student activities, the Better Citizenship organization is the student government body of Lew Wallace. It is composed of one councilman from each home-room and is directed by officers who are elected in the spring of the preceding year by the student body. The officers for the current year are: Robert Watkins, president; June Hansen, supreme judge; Mary McGlinn, clerk; George Todd, junior associate judge; and Harrison Mellman, sophomore associate judge. This year, the annual B. C. O. inaugural was held during the school day to enable more students to attend; the inaugural ball,

also an annual affair, was cancelled. Answering a nation-wide call, the B.C.O. was instrumental in starting a waste-paper drive in Lew Wallace. This drive was received with great enthusiasm by Lew Wallace students. The B.C.O. also participated in the "Gary Tomorrow" campaign. On this day, some students took the place of teachers and principals while others took over various other public offices in the city. Lew Wallace, in addition to having one of its students, Kenneth Sieckman, elected city judge, was fortunate in having several others appointed to other important positions.

June Hansen, Supreme Judge.

## SAFETY COURT

The Lew Wallace Safety Court was organized by Mr. Hartsough in 1939, for the purpose of enforcing all school rules pertaining to safety. Its main function has been in the enforcement of regulations concerning student traffic going to and from school. It is composed of a regular court staff, namely, a judge, associate judge, clerk, assistant clerk, bailiff, and prosecuting attorney. The staff also consists of a number of reporters whose job it is to report any violations. All participants are members of the current safety classes and are either elected or appointed.

## OUTSIDE PATROL

During the winter months when the mercury was hanging around zero and we students were hurrying out of the cold into the warm school building, the patrol boys stayed outside directing traffic. Their captain, Tom Leonard, has his heart in the job of making this year's patrol the best that Lew Wallace has ever had. Among the awards they receive are letters for their services. Another is free tickets to a movie theater on Saturday afternoons. The patrol boys also attend picnics in their honor at various times of the year at the different parks in Gary.

# GIRLS' CLUB

The Girls' Club is one of the largest organizations in school. Its membership, which numbers about 550, includes all the girls in high school. Business is transacted through the executive board, consisting of the officers and one representative from each home room. Meetings of the entire group are held in the auditorium about once every eight weeks. One of the major projects undertaken this year was sponsoring the Red Cross sewing and knitting group, made up of volunteers who offered their services to help in the local defense effort. Miss Cheever and Miss Nesbit are the club's sponsors.

*Bottom Row:* C. Elisha, B. McManus, secretary-treasurer, K. Sieckman, president, W. Vorwald, vice-president, R. Todd.

The Boys' Club, being one of the most democratic in school, is open to every boy in high school. It has an executive board consisting of a member from each register class in high school, and at the beginning of each school year officers are elected by the club to prepare and preside over the meetings during that year. Their meetings are held in the auditorium. Dr. Kopcha and Reverend Backemeyer were among the speakers at these meetings. Through the efforts of Mr. Shelley and Mr. Asher, sponsors of this group, programs that were not only interesting but also educational have been enjoyed by the group.

# BOYS' CLUB

# SOCIAL COMMITTEE

The Social Committee has the duty of supervising all social events at Lew Wallace. In order to maintain certain standards at our school dances and parties, rules and regulations concerning conduct must be made and enforced by the Committee. Under the direction of its sponsors, Miss Elster and Mr. McBride, the Social Committee is in charge of the matinee dances which are held after school. To provide music for these, the Social Committee has bought a record player with an attached public address system and many popular records. In addition to the matinee dances, the committee also sponsors an evening dance.

The Booster Club is composed of the students who are willing to devote their time and effort toward encouraging real school spirit. Their primary activities consist of training cheerleaders, conducting pep meetings, taking care of the bulletin boards, selling tickets for various school activities and in any way possible helping to promote all school activities. This year one of the club's special projects was the selling of Hornet decalcs in the school colors. On March 27 the Booster Club gave the Booster Parade in the school gymnasium. All real Lew Wallace boosters attended. It was a rousing climax to this year's athletic season.

# QUILL AND BLADE

★

The *Quill and Blade* is a biennial publication at Lew Wallace. Since it is a joint publication of the junior and senior classes, an equal number of juniors and seniors comprise the staff which puts out the book. This staff is chosen by the sponsors, Miss Shelley and Mrs. Clemens, and the officers of the junior and senior classes. The members of the journalism class under the guidance of Mrs. Clemens aid the staff in preparing the copy. The members of the staff are divided into four principal groups: the business managers, who help handle the finances; the copy writers, who do their bit for the literary department; the illustrators, who do the sketches; and the photographers, who take those candid snapshots. Miss Shelley has been the head sponsor and supervisor since the first issue was published in 1932.

★

★

The title of the book, *Quill and Blade*, was chosen because it commemorates the great literary and military accomplishments of Indiana's own General Lew Wallace, for whom our school is named, and of whom we are justly proud.

★

★

On the cover we use the crest of the Lew Wallace family. Our school is honored by having special rights to the crest. It is especially significant this year because of its motto: "Sperandum Est," one must hope.

★

# THE STAFF

The theme for our book this year, "a school for democracy in preparation for peace," was chosen because it shows so well what the schools of today through the cooperation of faculty members, administrative boards, and students can do in the present crisis.

After agreeing upon this theme, the staff sought to depict our part in the preparation for peace by showing the many and varied curricular and extra-curricular activities offered at Lew Wallace.

Almost before work on the annual was begun, six hundred subscriptions were sold. Wanda Grzanka sold the most and Lawrence Hill ranked second. Among the important activities of the staff were the writing and typing of copy, arranging layouts, and aiding in the taking of pictures of activities on the campus.

Those who worked on the book, through their contacts with the entire school, were quite confident that the democratic training that schools such as ours provide will be a basic foundation for establishing a new world after the war.

# PHILOSOPHER

Under the leadership of Mrs. Clemens, the Journalism Class which was organized in 1938, produces the school paper, the *Philosopher*. The aim of the *Philosopher* Staff is to publish a bigger and better paper each semester.

At first the paper was published monthly as an extra-curricular activity. In 1939, it became, a bi-monthly publication. Since 1940 it has been published every two weeks. In the eight years of its existence it has developed from a collection of mimeographed sheets to an eight page printed paper with photographs, cartoons, and many special features.

An exchange editor is given the task of exchanging our school paper with other schools. It may be interesting to know that we now exchange papers with twenty-three schools and our paper is read in places as far away as Oklahoma and Hawaii. Through these contacts the members of the staff receive many new ideas for the paper and learn many interesting things about the activities of students in other schools.

The chief officials of the staff are the editor-in-chief, who supervises copy, the publication editor, who is in charge of typing, the business manager, who takes care of finance, and the secretary.

It is only through the cooperation of the student body with the staff, that Lew Wallace can continue to have a school paper that will constantly keep growing.

# THE STAFF

Through use of offset printing this year the *Philosopher* has been able to enlarge and to include cartoons, pictures, and special features. Officers of the first semester staff were Charles Elisha, editor-in-chief; Robert Watkins, business manager; Mary Barker, secretary, and Irene Mitor, publication manager. Second semester officers were Jack Sullens, editor-in-chief; Kenneth Siekman, business manager; Minnie Capua, secretary; and Wanda Grzanka, publication editor. Subscribers each semester this year totaled more than 800; an increase of nearly 700 over the subscription list eight years ago when the paper was first issued.

# CADENA DE AMISTAD

Cadena de Amistad, which means Choir of Friendship, is the name of the Spanish Club. Organized in the spring of 1940, the C. D. A. has endeavored to promote friendly relations between Latin American countries and our students. Club membership is limited to thirty members. Any person with at least one previous semester of Spanish is eligible for membership. A "C" average or above is required for all first year participants.

## THE FRENCH CLUB

Members of the French Club are students who are interested in studying the people and customs of France. A few first year French students are taken into the club each spring, and in the fall second year members are eligible to become members. The main social event sponsored by the club is the annual Mardi Gras the Tuesday before Ash Wednesday. They play French games and sing French songs at the social meetings. The club sponsor is Miss Cheever.

## OLYMPIANS

When the Olympians reorganized this year, George Todd was elected Consul Supremus; Harrison Mellman, Consul Secundus; Hedwig Nasiloski, Scriba; Andrew Bartfai, Questor; Helen MacDonald and Georgine Husared, Co-Principes Ludorum. In the spring the members sponsor a reception for the 8 A's of Glen Park. This year they participated in the County Latin Meet and the State Latin Conference, presenting a style show illustrating early Roman dress.

# THE INKPOT CLUB

In the summer of 1933, the Inkpot Club was organized under its present sponsor, Mrs. Ensweiler. Originally it had four members, but in nine years the membership has increased to twenty-two. The group is kept small enough to make it convenient to entertain in the homes. The meetings, at which each member reads his creative compositions, are quite informal. The Inkpot promotes interest in creative writing and good literature in the school.

## PTINIDAE

The book club, Ptinidae, which was organized in the fall of 1940, now has approximately thirty members. Membership is open to all junior and senior boys and girls. Meetings are held twice a month in the library. Their purpose is to create interest in good fiction and non-fiction books. They have a clever recognition pin consisting of a wise old owl perched on an open book. The sponsor is Mrs. Coons.

## SALMAGUNDIANS

The Salmagundians is an organization whose members make a study of worthwhile radio programs, movies, and books. The name of the club is derived from the word Salmagundi which means a medley or mixture, since their main interest is not in one but several ways to make use of their leisure time. Any sophomore is eligible to join. At their meetings, through reviews, quiz programs, skits, and informal discussions, they share their experiences.

# COMMERCIAL CLUB

The Commercial Club, whose sponsor is Miss Simpson, is an organization consisting of members who are taking one year or more of commercial work and members who have already taken commercial work. Their purpose is to get better acquainted with the different positions offered in the business world. Trips are taken to various places, such as the bank and mill office. The club also invites speakers to come with demonstrations. The chief social event this year was the "Big Business Party" in which members came representing outstanding business men or women.

The Cifr club strives to open new paths of mathematical knowledge not covered in class room work and to encourage students intending to go further into mathematics after high school. From the volumes of histories, members go far into the past to study the lives of ancient mathematicians. From recent scientific magazines, new theories and application of mathematics to industry are studied. However, in the evening social meetings, members momentarily forget Plato, Euclid, and Aristotle and have a good time playing mathematical games and dancing.

# CIFR CLUB

# BIOLOGY CLUB

The Biology Club, which is sponsored by Miss Lemon, offers to all biology students who have an average of "C" or higher the privilege of continuing their study extra-curricularly. The club is headed by Isabelle Reey, president, and Jean Crawford as secretary. Representatives are sent to the annual science meeting down state where members of science clubs from various schools in the state give brief summaries of the activities of their respective clubs.

Klub Kem is a science organization composed of thirty members who have had chemistry or are taking it at the time of enrollment in the club. Meetings are held bi-monthly, on the first and third Mondays of the month. The time is spent in making different substances such as hand lotion, paint pigments, and shoe polish, and the completing of class experiments. The main purpose of the club is to stimulate interest in the field of chemistry.

# WALLACE WIZARDS

The Wallace Wizards, the high school art club, participates in activities in which the creative ability of its members can be of service to the school and to the community. The group also promotes school art exhibits, displaying its outstanding achievements to the students. One of their chief projects is their scholarship fund, which is to be lent to a person of outstanding artistic ability to help him through art school.

## Future Craftsmen of America

The Future Craftsmen of America was organized in November of 1936, for the purpose of establishing an interest in better craftsmanship, and to develop a high degree of skill and leadership. This is a national organization. This year the organization's main projects were construction of model airplanes for the navy and sponsoring a contest for the most accurate and original project constructed in the home workshop.

## THE CAMERA CLUB

The Camera Club is an organization of high school students who are interested in photography. Under the guidance of Mr. Coons, members have the opportunity of discussing various technical details of photography and working with numerous pieces of photographic equipment. One of the highlights of the year for the Camera Club was a Christmas party at which members made their own photographic Christmas cards.

# JUNIOR HONOR SOCIETY

The Lew Wallace Junior Honor Society is a chartered chapter of the National Honor Society. The purposes of this society as outlined in its constitution are: "To develop loyal pupil citizenship; to create an enthusiasm for superior scholarship; to stimulate a desire to serve faithfully one's school, community, and country; to promote trustworthy leadership; to recognize merit in scholarship and initiative originating in the scholar; and to instill exemplary qualities of character in the pupils."

## JUNIOR HONOR SOCIETY

*First Row:* L. Costello; G. Mathews; A. Carroll; J. Seeley; Mrs. Heffron; Mrs. Connerley; B. Oleska; M. Yuhasz; A. Harris; V. Smith; B. Nelson; Z. Kingery, secretary. *Fourth Row:* J. Hatz, D. Ray, D. W. Milliren, J. Yukich, A. Bartfai, H. Johnson, D. Barton, D. Le Maich, R. Harriel, vice-president; H. Mellman, president. *Third Row:* G. Goodman, C. Vrska, E. Haramincic, F. Petro, A. Reey, L. Hill. *Fourth Row:* R. Watkins, D. Nicoloff, R. Nelson, A. McColly, B. Marston, J. Garrioch, W. Grzanka.

## SENIOR HONOR SOCIETY

The Senior Honor Society was organized to recognize and develop scholarship, leadership, service, and character in the students. The emblem selected to portray their purpose is the keystone and the torch. Just as the keystone is the foremost section of the arch, so are the individuals who possess these characteristics the leaders in society. Each semester those juniors and seniors who meet these high requirements are inducted into the organization in a ceremony in the auditorium.

An annual event is the inter-school Honor Society forum in which current problems are discussed. Near the end of the school year the inter-school organizations come together again at a banquet in which each school presents a humorous skit.

# CURTAIN GOING UP!

This year in Lew Wallace saw the formation of the Dramatic Class which is a regular course for which auditorium credit is given. For its first year of existence, the Dramatic Class made unbelievable strides. Under the direction of Miss Sandles, students in the class presented such one-act plays as "Drums of Oude," "Why the Chimes Rang," "The Happy Journey," "Spreading the News," "Overtones," and "The Crow's Nest." In addition they made a study of such things as the plays of Shakespeare, current plays in Chicago and New York, and many other things pertaining to drama.

In addition to the production of the Dramatic Class, auditorium students enjoyed various other plays throughout the year. Some of these were directed by students themselves. Practice on the junior play, *Skidding*, was just beginning as the annual went to press.

## THE PRINCE AND THE PAUPER

As their dramatic achievement of the year the Sophomore Class gave Mark Twain's delightful play, *The Prince and the Pauper*. Under the able direction of Mrs. MacDonald, the cast led the audience back into that period of history when kings, queens, and princes relieved life's humdrum with their glamor.

## Tattercoats

This year, something new was tried in Lew Wallace. The grade school pupils in our building were given a chance really to act. Instead of the annual freshman play, a junior high school production was given. The result was an excellent performance by our younger students, and *Tattercoats* will long be remembered in Lew Wallace.

## Return of Peter Grimm

As a climax to their high school dramatic work, the seniors presented *The Return of Peter Grimm*, a scene from which is shown at right, above. The difficulty of producing this play was a challenge to those who presented it; however, our seniors came through with flying colors and gave Lew Wallace a first-class senior play.

## Spreading The News

This year for the Senior High School Play Meet, the Dramatic Club turned completely Irish. The play which they gave was *Spreading the News* by Lady Gregory. Under the capable direction of Miss Sandles, this play about the results of gossip in a small Irish town was a huge success.

# DRAMATIC CLASS

This season our Senior Dramatic class has added to the enjoyment of the students by presenting "Drums of Oude", "Why the Chimes Rang", and "The Jest of Hahala". For the Senior High School Play Meet this year they gave the delightful Irish comedy, "Spreading the News" by Lady Gregory. The class assisted the directors of class plays by helping with make-up, construction of scenery, and costuming. Some of the things undertaken by the class were student directed skits, make-up, lighting, costuming, and stage craft. The activities are all directed by Miss Sandles who is the class sponsor.

*Top Row:* J. DuMond, S. Garriot, J. Arnold, J. Bradley.  
*Fourth Row:* P. Ventura, D. Dodds, T. Leonard, G. Todd.

*Bottom Row:* D. Sailor, Z. Kingery, I. Reey, treasurer, G. Grissom, vice-president, S. Geoghegan, president, J. Hansen, secretary, M. Horvath, B. Jurincic.

# AUDITORIUM COUNCIL

The main purpose of the Auditorium Council is to further all cultural activities in the auditorium. This club is unusual in that its membership is made up of both grade and high school students representative of the six auditorium hours. Ushering at all events and supplying the auditorium with fresh flowers weekly are two of the main responsibilities of the Council members. The climax of activities is the annual banquet each spring, when five of the graduating seniors who have received vocational diplomas in speech are awarded medals. This club was organized in 1933 by Mrs. Hannsz, present sponsor.

# STAGE CREW

The stage crew is an organization about which very little is known, yet behind every class play, band concert, or operetta the stage crew is there, working efficiently. The duties of the stage crew are many and varied. Upkeep of the stage, making of scenery, handling of equipment, stage lighting, arrangements for special events, scene shifting, and management of equipment for rehearsals and performances of class plays are just a few of their duties. Membership in the stage crew involves the expenditure of a great deal of time. Mrs. Hannsz is the sponsor and Mr. Martin the technical advisor.

P. Draper, S. Matthews, R. Todd, M. Janco,  
M. Blank, J. Schnake.

J. Whitaker, R. Metcalf, J. Boday, Mrs. Hannsz,  
sponsor, W. Tomlinson, J. Reeves, C. Holmes.

# DEBATE

This is Lew Wallace's first year of inter-high school debate as a member of the Indiana High School Debate League. The varsity team includes Myra Janco and Stuart Mathews on the affirmative and James Schnake and Porter Draper on the negative. The question they debated with other schools in Indiana was: Resolved that every able bodied male citizen should have at least one year of military training before reaching the age of twenty-one. Of ten contest debates in the sectional competition, Lew Wallace won four to tie for fourth place in this section.

# THE BOYS' CHORUS

The Boys' Chorus is unique in that it is the only such organization in the Gary schools. Organized only last year by Miss Volz, the chorus has been called upon again and again to entertain various groups in the city. Rehearsing only during the lunch hours, the chorus has become an established organization in our school. They cooperate with the A Cappella Choir and Girls' Glee Club to present the annual choral concert.

## A CAPPELLA CHOIR

The A Cappella Choir is made up of students who are selected by their singing instructors for their voice quality and musical knowledge. This organization is not merely for entertainment at social activities at school but they also help various charitable organizations with entertainment. Among the annual activities of the group are singing at the baccalaureate services, assisting at commencement, and presenting their annual spring concert with the help of the Glee Club.

## GIRLS' GLEE CLUB

Composed of sixty voices, the Girls' Glee Club takes part in many of Lew Wallace's important events throughout the year. One of the most successful events was the Christmas Vesper Service. The girls attired in white dresses singing "Hallelujah," formed a very impressive scene. Each May under the direction of Miss Helen Egger a concert is presented. Besides looking forward to the concerts, the girls also have that annually awaited "Olde Time Social."

# ATHLETICS

*Through athletics we develop sound bodies,*

*good sportsmanship, and a spirit of cooperation.*

# FOOTBALL

Coach Baer started practice last summer with not too greatly experienced players, but he combined them into a squad that was sure-firing dynamite on the gridiron.

One team after another was defeated by the Hornets until the title of undisputed State Champs was claimed. This is the highest title that any high school football team can acquire. The schedule, completed with nine wins, no losses, and no ties, was the best that any Wallace team has received. Defense bonds were purchased with the profits from the championship game with South Bend.

Much of the success of the team was due to the co-operation and friendship among the players. Our team proved that in order to have a successful team everyone has to carry out his responsibility to the best of his ability. On defense our linemen were very superior. They protected our goal line about as effectively as a brick wall could. On offense Julius Rajkovich and Bill Krall served as the main cogs who scored alternately in defiance to their opposition. Credit must also be given to the substitutes who served faithfully in helping to bring success to the team.

The freshman squad, like the varsity, suffered no defeats. Their chances of making another champion varsity team look promising.

# BASKETBALL

The Lew Wallace basketball squad donned their jerseys and opened the hardwood schedule early last December. In the opener the Hornets were dealt their first defeat, as the Whiting Oilers gave the team a 37 to 25 licking. However, the following week this defeat was offset by a thrilling 28 to 26 victory over Valparaiso. As the season progressed, Lew Wallace made a fighting attempt to bring that trophy back to the halls of Lew Wallace. However, such high state ranking teams as Horace Mann, Hammond Tech, and Roosevelt of East Chicago confronted the Hornets in their desperate drive.

Very valuable assets to the team's success were the magnificent performances of Burl Biggs and big Mike Kalembar. The former was Wallace's wizard on defense and was selected as captain while Kalembar proved to be the sharpshooter of the team, ranking second in Gary's scoring race.

In the sectional tournament held in Gary's Memorial Auditorium, the Hornet netters easily edged out Kouts and Boone Grove to acclaim a semi-final position. They made a gallant stand against the powerful Horace Mann squad but trailed by a 31 to 26 count as the game ended. Coach Polizotto has developed an excellent freshman squad which should highlight the coming years with a number of victories.

*Top Row:* E. Eaton, J. Lake, M. Kalembar, J. Kukoy, R. Hills, B. Barton, I. Kaplan, T. Glibota, E. Shayotovitch.

*Second Row:* S. Mihalich, A. Holock, S. Sharp, S. Lazar, J. Knoll, A. Spindler, W. Fronzak, S. Vukin.

*Bottom Row:* J. Sikora, T. Trainer, V. Bubas, J. Vale, B. Biggs, D. Britton, B. Kotur, N. Rujvecan, Coach Polk.

# GIRLS' ATHLETIC ASSOCIATION

The object of the Girls' Athletic Association is to train girls in the enjoyable use of leisure time activities and to develop a democratic spirit through working and playing in groups. The present membership is 150 and the sponsor is Miss Elster. There is 97 per cent participation in each activity. The team games consist of speedball, captainball, basketball, volleyball, baseball, bowling and swimming. Individual activities include tennis, badminton, skating, hiking, bicycling, horseshoe, croquet, shuffleboard and handball. Annual events are the G.A.A. dance, which is given during the early part of the year; the G.A.A. banquet given in May or June at which the newly elected officers and council members are installed and sweaters given to the girls who have earned their points; and a potluck dinner which is given during Christmas. The G.A.A. is governed by a council which consists of officers and heads of each sport. This year's officers are President, Violet Crnoevich; sports coordinator, Minnie Capua; secretary, Helen Thomas; treasurer, Ann Palansky; and social chairman, Allegra McColly.

## BASKETBALL

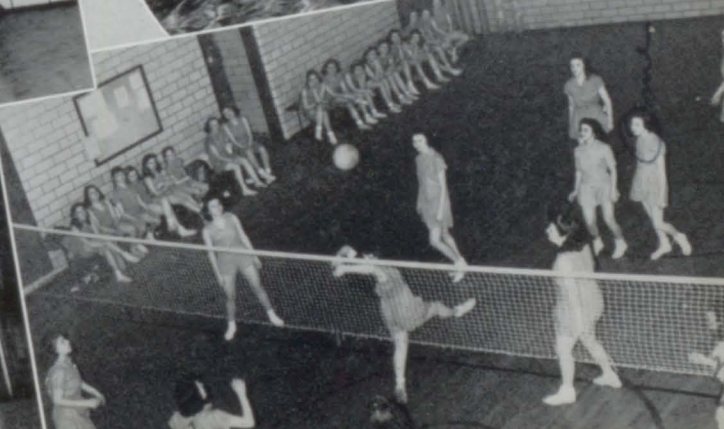

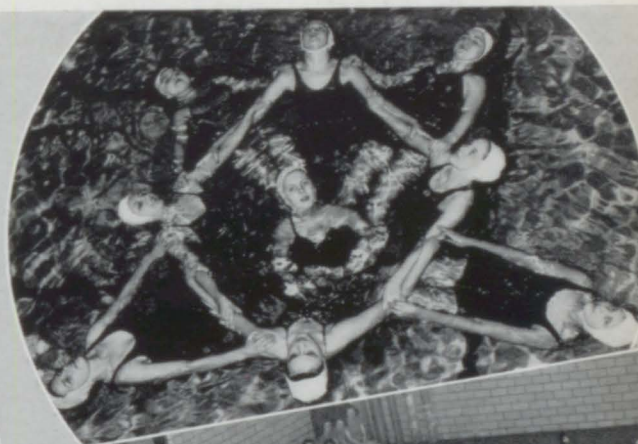

During basketball season girls compete in games against other schools in the city. There are six girls on a team and the teams this year were under the leadership of the sporthead, Anne Sadja. All girls going out for basketball must have physical examinations to be permitted to play.

## WATER-BALLET

To be eligible for the water-ballet team, mastery of certain dives and swimming strokes is required. The activity is under the direction of Miss Elster. Each individual who participates on the swimming team receives one-hundred points and if she participates in the water-ballet, she receives twenty-five extra points.

## VOLLEYBALL

Acting as sportshead of volleyball was Antonia Gimenez. It is a favorite sport and many girls participated in this game. Every year the senior girls play against the faculty and every year the seniors win. Each girl receives one-hundred points and if placed on varsity, she receives twenty-five extra points.

# TRACK AND FIELD

After engaging in three indoor meets at Chicago and Notre Dame University, the Hornet thinlies look promising in the eyes of the Hornet followers.

In the Chicago quadrangular, the Hornets placed second to Hammond with Emerson third and Hammond Tech fourth. In the city indoor meet Wallace took fourth. At the Notre Dame Invitational, which is one of the state's most colorful track meets, our Hornets placed ninth among eighteen participating teams.

Coach Polizotto, our new track mentor, is elated over the fact that many of the boys are freshmen, sophomores, and juniors, which makes the outlook promising for the future.

# SWIMMING TEAM

The Lew Wallace swimming team of 1941-1942 was one of the greatest teams this school has ever seen. Winning ten meets out of twelve, the two lost being to Danville and Hammond, the team broke one of the records in the 100-yard breast-stroke; and the 150-yard medley relay team, consisting of Gus Spilios, Jerry Quenett, and Charles Mazlack, broke the other state record. There are about 14 members on the team of which Charles Mazlack is the captain. The two main divers on the team are Charles Chelich and Robert Burns.

The team finished the season third in the N. I. H. S. C. and second in the state. In the state meet, Hammond had 33 points while Lew Wallace finished with 29. The season began with a meet on November 20, and ended with the state meet February 24. Next season's team should prove as successful as this year's team, since only one member is graduating.
